"Honorable Mayor and City Commission
East Grand Rapids, Mich.

Gentlemen:

In reference to the request of Harold Albert regarding construction of storm sewer and the grading and graveling of Elmwood Drive from Breton Rd. west to Eastlawn Rd., this proposed improvement is not practicable at this time since the grade of this street would require the lowering of a 36" relief storm sewer which was constructed as a temporary measure and not laid to proper street grade.

The lowering of this relief storm sewer will not permit a surface outlet at Eastlawn Rd. as requested. It is further recommended that no homes be constructed on Eastlawn Rd. from Estelle Dr. north to Elmwood Dr., and that grading and graveling of this section of the street be deferred until adequate storm relief sewers are constructed.
