451. Communication from City Attorney Bryant:

"January 6, 1930

Mr. Joseph R. Pierce
City Treasurer
East Grand Rapids, Michigan

Dear Sir:

In reply to your letter of November 26th requesting ruling on the right of the City Treasurer to retain interest fees paid on school district taxes collected by the City, I advise that in my opinion, it is rather doubtful whether the City Treasurer is entitled to retain these moneys, however, until a ruling on this point is made by the Attorney General or a court of record, I would recommend that you proceed as heretofore, except that I would further recommend that you segregate the interest moneys so collected and carry the same in a special account not subject to withdrawal until the matter is definitely decided.

Yours very truly,
H.W. BRYANT
CITY ATTORNEY"

Mr. Peter Schregardus
City Clerk,
East Grand Rapids, Michigan

Dear Sir:

In reply to your recent letter requesting ruling on ballot boxes for the City of East Grand Rapids, I advise that Section #10 of Chapter #5 of Public Acts #306 for the year 1929, requiring a certain type of ballot box, should be complied with for the next ensuing election, inasmuch as said act #306 of the Public Acts of 1929, is now in force as the law of this State.

Yours very truly,
HAROLD W. BRYANT
City Attorney"

Honorable City Commission,
East Grand Rapids, Michigan

Gentlemen: Re: Charge against property of
Joseph Wade for sidewalks - \$193.17

It is my opinion that the best method to handle this charge would be by resolution directing the assessors to add the charge to the next assessment roll on this property

and make the same a tax lien against the property and proceed to collect the same as other taxes are collected.

Yours very truly,

HAROLD W. BRYANT
City Attorney"

Wagner-Brooks. That this communication be received and made a part of the minutes of this meeting, and that the City Assessors be instructed to comply with the recommendations of the City Attorney.

Bonnell Ave. - Mary Ave. to Hall St.	\$29,250.00
Wren Ave. - Bonnell Ave. to Woodcliff Ave.	8,175.00
Idena Drive - Wren Ave. to Hall St.	19,125.00
Woodcliff Dr. - Hall St. to Lake Drive	<u>36,675.00</u>
Total	93,225.00

Santa Cruz Drive has been petitioned for. The sewer is in and contract for water let. The estimate for paving is \$8,550.00.

Englewood Drive from Asbury Road to Gorham is now ready for contract to be let. The estimate is \$14,025.00.

I would recommend that the following streets be paved if the proper petitions be filed:

Mary Ave.	\$10,950.00
Wilshire Drive - E. Paris to Hall St.	45,900.00
Oakwood Dr. - E. Paris Rd. to Wilshire Dr.	11,175.00
Henry Ave. - Hall St. to R.R.	<u>11,775.00</u>
Total	29,800.00

This makes a grand total for paving of \$195,600.00. I expect that a few short streets will be asked for for paving and sewer.

UNITED STATES OF AMERICA
 STATE OF MICHIGAN
 COUNTY OF KENT

CITY OF EAST GRAND RAPIDS

NO. _____ PAVING BOND \$ _____

KNOW ALL MEN BY THESE PRESENTS, that the City of East Grand Rapids, Kent County, Michigan, acknowledges itself to owe, and for value received hereby promises to pay to the bearer the sum of _____ Dollars lawful money of the United States of America, on the first day of November, A.D. 19____, with interest thereon from the date hereof until paid at the rate of six per cent per annum, payable semi-annually on the first day of May and November of each year, on presentation and surrender of the annexed interest coupons as they severally become due. Both principal and interest of this bond are hereby made payable at Guardian Trust Company of Detroit, Detroit, Michigan, and for the prompt payment of this bond, both principal and interest, the full faith, credit and resources of the City of East Grand Rapids are hereby irrevocably pledged.

This bond is one of a series of three hundred and twelve bonds of even date and like tenor except as to amount and date of maturity, aggregating the sum of \$311,704.00, issued in anticipation of the collection of special assessments for paving and improving streets in the following special assessment districts: Kenesaw and Keneberry Paving Districts #1, El Centro Blvd. Paving District #1, Pinecrest, Floral, Hendricks and Kenyon Paving District #1, Richards Drive Paving District #1, Raxford Drive Paving District #1, San Lucia Drive Paving District #1, Burchard Street Paving District #1, Oakland Avenue Paving District #1, Lake Grove Avenue Paving District #2, Albert Drive Paving District #1, Plymouth Road Paving District #7, Plymouth Road Paving District #8, Plymouth Road Paving District #9, Hall Street Paving District #2, Hall Street Paving District #3, Hall Street Paving District #4, Hall Street Paving District #5, in accordance with the provisions of Section 2A of the City Charter, adopted by the electors on June 14, 1927.

This bond is payable out of the respective special assessment funds, or in case of insufficiency of such funds, out of the general fund of said city of East Grand Rapids and it is hereby certified and recited that all acts, conditions and things required by law precedent to and in the issuance of this bond exist and have been done and performed in regular and due time and form as required by law, and that the total indebtedness of said City including this bond, does not exceed any constitutional charter or statutory limitation.

IN WITNESS WHEREOF, the City of East Grand Rapids, Kent County, Michigan, by its City Commission has caused this bond to be signed by its Mayor and countersigned by its Clerk, and its corporate seal to be affixed hereto as of the first day of November, A.D. 1929.

Countersigned:
 City Clerk.

"January 20, 1930

Honorable City Commission,
City of East Grand Rapids, Michigan

Gentlemen:

Pursuant to my letter of December 13, 1929, the Maryland Casualty Company and the United States Fire Insurance Company have amended certain insurance policies on motorcycles and automobiles owned by the City, and, in my opinion, these amendments are satisfactory.

With reference to the policies issued by the Travellers Insurance Company and the Aetna Company, we have received letters from the respective resident agents of said companies to the effect that the amendments suggested by me are not required in order to give the City full protection. This may be true. However, in the future, in taking out any insurance I would suggest that all policies provide for general municipal use without any limitations whatever.

Yours respectfully,

HAROLD W. BRYANT
City Attorney"

Re: Taxes assessed for water mains on Lots 91 and 93, Paris Park, and the west half of Lots 549 and 550, Paris Park #3.

The above lots were placed on the assessment roll for water mains in Eastlawn Road and Albert Drive. These lots should not have been assessed as they get water from other streets. I would recommend that the tax amounting to \$100.80 on Lots 91 and 93 and the tax amounting to \$44.45 on the west half of Lots 549 and 550 be paid out of the construction fund for such mains.

541. Report of the City Attorney and Sewage Disposal
Plant Committee;

"February 10, 1930

Honorable City Commission,

Gentlemen:

Agreeable to instructions, I shall file an answer in the name of the City of East Grand Rapids to the suit to be commenced by the City of Grand Rapids against the City of East Grand Rapids in the Circuit Court for the County of Kent, which suit seeks the abatement of the nuisance now claimed to exist in connection with the operation of this City's disposal plant.

I have examined the bill of complaint which has been prepared by Mr. Taggart and have had this matter up a number of times with Mr. Taggart, as attorney for the City of Grand Rapids, together with various other officials of both parties, and wish to know if you would approve the following provisions if embodied in a decree and justified by the evidence taken. Abatement of the nuisance claimed by the Court decreeing a hook-up with the sanitary sewer system of the City of Grand Rapids. Payment within thirty days from date of decree of \$38,907.84 as defendant's share of the cost of construction of its proportion of the present sanitary sewer. Payment of the further sum of \$26,200.00, one-half within 60 days and the balance at the time the Grand Rapids disposal plant is in operation, as the defendant's share of the cost of the construction of the disposal plant; that Grand Rapids proceed forthwith with the connection with the sanitary sewer at an estimated cost of \$14,600., one-third of which amount shall be paid to it upon the commencement of the work, one-third upon the engineer certifying that one-half has been finished and the balance adjusted to meet the actual cost, including the right-of-way and engineering expense. In general, each of the parties shall control the sewers within their own limits. The defendant to pay for treatment at an estimated cost of \$4.60 per million gallons to be paid at the end of each three months' period, such amount necessarily from time to time to change as costs might increase or decrease. That defendant pay an annual payment covering depreciation on plant and sewer, and maintenance of sewer, in the total sum of approximately \$3,160.00. That as to the storm water sewer conditions, provide that the parties shall within three years arrange for a connection, compensation therefor to be based on the investment of the plaintiff in such storm sewer connection and proportional area drained into such sewer by both parties, and the Court's finding that such proportion would be the sum of not in excess of \$114,300, such agreement when arrived at to be confirmed by supplemental decree. In the event there is no agreement reached within the three year period, the Court will then enter its decree requiring such connections to be made.

Respectfully submitted,

HAROLD W. BRYANT
City Attorney"

"January 21st, 1930

The honorable Mayor and City Commission
East Grand Rapids, Michigan

Gentlemen:

On account of the large amount of public improvements undertaken by the City during the past twelve months, I have become convinced, after due consideration, that the duties of the offices of the City Manager and City Engineer require more time and detail than one person is able to give to such work and do the same efficiently.

I therefore request that I be relieved of the duties of City Manager in order that I may devote my entire time to the duties of City Engineer. While I am perfectly willing to put forth my best efforts to fulfill the duties of both positions, I believe it will be for the best interests of the City and make for greater efficiency if the work and responsibility is divided.

Yours very truly,

(Signed) Clarence A. Whiting"

BY COMMISSIONERS WAGNER-SWAIN:

BY COMMISSIONERS BEACH-WAGNER:

WHEREAS, the Circuit Court for the County of Kent and State of Michigan, on February 11, 1930, by its decree in the suit between City of Grand Rapids, Plaintiff, vs. City of East Grand Rapids, Defendant, ordered and decreed that the City of East Grand Rapids should connect its sanitary sewers with the sanitary sewer system of the Plaintiff, for the purpose of abatement of a public nuisance then present and existing, and caused by the Defendant, and further decreed the Defendant to pay to the Plaintiff as the Defendant's proportionate share of the investment of the Plaintiff in its trunk sanitary sewer and in the Plaintiff's disposal plant now under course of construction, the sum of Sixty-five Thousand One Hundred Seven and 84/100ths Dollars (\$65,107.84), and also the further sum of Fourteen Thousand Six Hundred Dollars (\$14,600.00) estimated cost to the Plaintiff of constructing an extension of its sanitary trunk sewer to connect up with the Defendant's sanitary sewer system; further, that after the sanitary sewers of the City of East Grand Rapids are connected with the sanitary trunk of the City of Grand Rapids, that the entire sanitary sewage of the City of East Grand Rapids flow through and be treated at the disposal plant of the City of Grand Rapids and the effluent be disposed of by said City of Grand Rapids; and

WHEREAS, in addition to the payments decreed to be made as aforesaid, it will be necessary for the City of East Grand Rapids to build certain additions and extensions to its present system of sewers,

NOW, THEREFORE, BE IT RESOLVED by the Commission of East Grand Rapids that it is necessary to comply and fully perform and carry out the terms of the decree of the Circuit Court for the County of Kent, in Chancery, entered on February 11, 1930,

in the suit between the City of Grand Rapids, Plaintiff, vs. City of East Grand Rapids, Defendant, and to make the payments therein specified to the City of Grand Rapids, and further, it hereby deems it advisable and necessary in connection with the adequate disposal of its sanitary sewage, to construct a 30-inch sanitary sewer from the center of Hall Street and Plymouth Road west 700 feet; to construct a 15-inch sanitary sewer from the center of Hall Street and Plymouth Road east 300 feet; to construct a 24-inch sanitary sewer from the center of Hall Street and Plymouth Road north to El Dorado Drive; thence east in El Dorado Drive to San Lucia Drive; to construct a 36-inch storm sewer from the east line of the East Grand Rapids disposal plant property west in Hall Street to the 48-inch storm sewer in Hall Street east of the Pere Marquette railroad tracks; to dismantle the machinery at the disposal plant; and that such proposed work, including the performance of the aforesaid decree; the expense of connecting up the sanitary sewer system of this city with the sanitary sewer system and disposal plant of the City of Grand Rapids, and for the use of the sanitary sewers and disposal plant of the City of Grand Rapids, and the construction of said additions and extensions to the system of sewers of the City of East Grand Rapids as aforesaid, constitutes and is hereby declared to be a necessary public improvement; further, that the indebtedness of this city to the City of Grand Rapids created and established by and under the terms of the aforesaid court decree, constitutes and is hereby declared to be for a necessary public improvement, for the purpose of providing adequate and proper disposition of this city's sanitary sewage; and that the City Engineer be and is hereby directed to prepare plans, maps, diagrams and specifications for such proposed improvements, and an estimate of the cost of the same, including the fixed amounts which are necessary to be paid to the City of Grand Rapids under the terms of the aforesaid decree, and submit such plans, diagrams, specifications, and estimate to this Commission at this meeting; and

BE IT FURTHER RESOLVED, that this Commission intends to borrow money and issue bonds to provide funds for the making of the aforesaid improvement, and to pay the City of Grand Rapids the sum of money as required in the aforesaid decree.

"AN ORDINANCE
TO FIX THE SALARY OF THE TREASURER
OF THE CITY OF EAST GRAND RAPIDS

THE CITY OF EAST GRAND RAPIDS ORDAINS:

SECTION 1. The salary of the City Treasurer of the City of East Grand Rapids for his services for the current year 1930-1931 is hereby fixed and determined at the sum of Three Thousand Dollars (\$3,000.00).

SECTION 2. A public emergency is hereby declared to exist.

This ordinance shall take effect immediately, in order that the salary of the City Treasurer may be determined before the primary election, which is to be held on March 17th, 1930, and for the reason that the same provides for the operation of the department of city government.

Approved this 14th day of March, 1930."

We, the undersigned Board of Canvassers of the City
of East Grand Rapids, do hereby certify that the fore-
going is a true and correct statement of the whole
number of votes given and cast on the proposition of
borrowing the sum of Seventy-five Thousand Dollars
(\$75,000.00) for the purpose of paying the cost of
connecting up the sanitary sewer system of this city
with the sanitary sewer system and disposal plant of
the City of Grand Rapids, etc., and to issue the
bonds of the City therefor, voted upon at the Non-
Partisan Primary Election held in the City of East
Grand Rapids in said County and in the several wards
thereof, on Monday, the 17th day of March, A.D. 1930.

We do further certify in pursuance of the provisions
of the said Charter of the said City adopted June 19th,
1927, and the laws of the State of Michigan in such
case made and provided, that said bonding proposition
for the purpose of paying the cost of connecting up the
sanitary sewer system of this City with the sanitary
sewer system and disposal plant of the City of Grand
Rapids, etc., to have received an approved vote of more
than two-thirds of the qualified electors voting at
said Non-Partisan Primary Election, and that we do
hereby further declare that said bonding proposition
approved and carried.

IN WITNESS WHEREOF, we have hereunto set our hands
and affixed the seal of said City of East Grand Rapids,

City of East Grand Rapids,
East Grand Rapids, Mich.

Gentlemen:

I am informed that the \$25,000.00 disposal plant bonds the proceeds of which were to be used to help to pay the expense of the sewer hook-up, must be reduced to \$20,000.00 for the reason that all of this issue of bonds had been previously sold with the exception of \$20,000.00. To make up this deficiency of \$5,000.00, the Commission may borrow the sum of \$5,000.00 and issue city bonds therefor.

I would suggest that the issuance of these bonds be deferred until such time as the Commission may know definitely the entire expense and the amount needed.

RE: Budget for 1930.

In connection with the item for engineering contained in last year's budget, I understand that the total cost for the city engineer's department was included in the operating budget for the past year. In making up the budget for the coming year, I suggest that if it meets with the approval of the City Manager and City Engineer, all engineering costs other than that portion directly chargeable to the City at large, should be eliminated from the operating budget.

I also suggest that all receipts and expenses of the water department be entered on a separate basis from all other city receipts and expenses.

I also recommend that not less than the sum of \$2,500.00 be included in the budget for the next fiscal year to cover the meter charge for sewage which will be payable to the City of Grand Rapids after the latter's disposal plant is in operation.

Yours very truly,

Gentlemen:

Re: Special Improvement Bonds.

The City Manager has suggested the possibility of issuing special improvement bonds, the first of said bonds to mature at the end of the second year after the improvement is commenced, instead of at the end of the first year as we have been doing in the past.

It is my opinion that under the charter, special improvement bonds may be issued, the first of said bonds to mature at the end of the second year following the commencement of the improvement.

Under the present system, the first installment is raised during the first year by tax, and at the end of the first year the first of the special improvement bonds comes due for payment, which is approximately one year prior to the payment of the second installment of taxes. This result may be avoided by making the first bonds mature two years after the improvement is commenced.

Yours very truly,

HAROLD W. BRYANT
City Attorney"

That this report be received and made a part of the minutes of this meeting, and that in the future whenever special improvement bonds are issued that the first of said bonds be made to mature at the end of the second year after the improvement is commenced, instead of one year thereafter as has been done in the past.

Re: Refunding bonds.

The City Clerk has requested my opinion as to the legality of issuing refunding bonds in the future covering a portion of all of the following described bonds;

Water Works Bonds, issue of October 1, 1913,
\$10,000, maturing October 1, 1933

Water Works Bonds, issue of January 1, 1920,
\$20,000, maturing January 1, 1935,

Water Works Bonds, issue of October 15, 1922.
\$25,000, maturing October 15, 1937,

Sewage Disposal Bonds, issue of October 15, 1922,
\$12,000, maturing October 15, 1927.

I am of the opinion that valid refunding bonds may be legally issued covering the above described maturities.

RESOLVED THAT, -

SECTION 1. The Mayor, City Clerk, City Treasurer, and two Electors who shall be citizens and freeholders of the City, to be appointed by the City Commission on the first Monday in May, or as soon thereafter as practicable, each of whom shall hold office for two (2) years, shall act as a Sinking Fund Commission, without compensation.

SECTION 2. The Sinking Fund Commission from time to time shall recommend to the City Commission the purchase or payment of the bonded indebtedness of the City, or of such part thereof, as in its judgment the City may be able so to do; the temporary investment of moneys in the Sinking Fund in interest-bearing municipal bonds, or in other listed bonds which constitute a legal investment for savings in the state; the transfer and sale of any bonds or securities then forming a part of the Sinking Fund.

SECTION 3. The Sinking Fund Commission shall recommend to the City Commission on or before April first in each year, the sum of money that in its judgment shall be presented in the next annual budget and raised by the next taxation for the benefit of the Sinking Fund.

SECTION 4. The Sinking Fund Commission from time to time shall make such other recommendations to the City Commission as in its opinion will facilitate the proper, efficient, and economical handling of all moneys and securities in the Sinking Fund and the timely payment of the City's bonded indebtedness.

SECTION 5; The Sinking Fund Commission shall meet not less than four times annually, and at such times as it may determine. The Mayor, or in his absence some member to be designated by those present, shall preside at the meetings. walks, should be made, therefore, be it

RESOLVED, that the placing of sidewalks on El Centro Boulevard
between Reeds Lake Boulevard and Cascade Road be eliminated from the
paving program on this street; and be it

FURTHER RESOLVED, that the grading and paving of El Centro
Boulevard from Reeds Lake Boulevard to Cascade Road, including the
necessary curbs, gutters, manholes, catch basins, storm water sewers,
sewer laterals and water services, is a necessary public improvement,
and that the entire expense of the same shall be paid by special
assessment district consisting of the lands and premises, excepting
public highways and alleys, abutting upon said improvement, according
to foot frontage. And be it further

RESOLVED, that a special assessment district for said
improvement is hereby established consisting of the lots, parts
of lots and parcels of land abutting upon either side of El Centro
Boulevard between Reeds Lake Boulevard and Cascade Road. And be
it further

RESOLVED, that the Director of Public Service prepare an
estimate of the cost thereof, together with specifications, plats
and diagrams of the work and of the locality to be improved, and a
plat of the lots contained in said special assessment district.

RESOLVED, that the City Manager secure the services
of a duly qualified civil engineer for the purpose of making
up a report of the total cost of the North Shore Sewer
improvement. Also, such report shall show such items of the
cost of said improvement as are properly chargeable to the
improvement. Also, said report shall show such items of cost
of the improvement which are not properly chargeable to the
improvement for the purpose of determining the additional
amount which should be included in an additional assessment
to pay the extra cost of this improvement.

35. Recommendation from City Manager:

"A sanitary sewer is now being laid in Albert Drive from Lake Grove to Conlon.

A considerable saving can be made if the water services and the storm sewer are put in at this time, and in view of the fact that Mr. Albert will advance sufficient funds to carry on this work until the paving bonds are sold, I would recommend that Mr. Van Kuiken, the sanitary sewer contractor, be allowed to do this work as an addition to his present contract.

Very respectfully,

L. HENRY GORK - City Manager"

RESOLVED, That whereas, the City Commission has heretofore under proper resolutions declared the grading and paving of

HALL STREET, from East Paris Road to May Lane

including the necessary curbs, gutters, manholes, catch basins, storm sewers, sewer laterals, and approaches, to be a necessary public improvement and that the entire expense of the same shall be paid by special assessment, levied upon a special assessment district consisting of the lands and premises, excepting public highways and alleys, abutting upon said improvement according to foot frontage; and

WHEREAS, on account of unusual conditions incident to said work and improvement, the amount assessed to pay the cost of such improvement is insufficient therefor;

NOW, THEREFORE, Be It Resolved, that a re-assessment be made upon all the property in said special improvement district to pay for the cost of said improvement.

AND BE IT FURTHER RESOLVED, that the Director of Public Service prepare an estimate of the cost thereof, together with specifications, plats and diagrams of the work and of the locality to be improved and a plat of the lots contained in said special assessment district.

106. Recommendation of Finance Committee:

"Present ordinances do not permit the installation of storage tanks for gasoline and additional matters would be required to be taken into consideration if the storage tanks were used, which seems to this Committee to eliminate same from immediate consideration.

We recommend the acceptance of the bid of the Reeds Lake Oil Co. of two cents less than the regular standard service station price prevailing at the time of purchase. The grades of gasoline to be used to be left to the control of the City Manager and specified by him. The qualities of this gasoline are guaranteed in their letter of April 30th, 1930.

Their bid on oils is also recommended as follows:

Staroleum Light and Medium	.49¢ per gallon
Staroleum Medium Heavy	.52¢ per gallon
Staroleum Heavy,	.57¢ per gallon
Staroleum Extra Heavy	.65¢ per gallon

Pennsylvania base oils may be had as per their quotations of letter of same date if desired.

It is recommended that the City Manager put a system into effect to safeguard the City's interests as to delivery of this gasoline to our respective equipment and that all employees be required to use such requisitions for securing oils or gasolines.

It is further recommended that the City Attorney and Manager provide a suitable contract governing this usage between the City of East Grand Rapids and the Reeds Lake Oil Company,

With regard to the rebates for taxes on gasoline, it is recommended that the City Clerk be specifically charged with securing these statements from the Reeds Lake Oil Company and forwarding the same to Lansing as per the required regulations of the State of Michigan to secure such rebates and that any failure to properly provide these regulations in supplying such statements shall be the responsibility of the Reeds Lake Oil Co.

BY COMMISSIONERS DEANE-WAGNER:

WHEREAS, the City Commission did on June 16, 1930, declare the improvement of

ALBERT DRIVE, from Lake Grove Avenue to Conlon Avenue,

by grading and paving with concrete, including the necessary curbs, gutters, manholes, catch basins, storm water sewers, sewer laterals, water services, concrete sidewalks and approaches, to be a necessary public improvement, and designated a special assessment district to be assessed for the entire cost of said improvement; and

WHEREAS, the City Commission caused estimates, plats and diagrams of the work and of the locality to be improved and of the district to be assessed to be made and filed in the City Clerk's office for public examination; and

WHEREAS, all persons interested in or liable to be assessed therefor were duly notified to appear before the City Commission on Wednesday, July 2nd, 1930, at which time and place a hearing was duly had thereon, and due consideration being had thereon, Therefore be it

RESOLVED, that the aforesaid improvement be made and that the specifications, plats and diagrams on file with the City Clerk be approved and adopted and that all lots, parts of lots and parcels of land (except streets and public alleys) abutting upon each side of

ALBERT DRIVE between Lake Grove Avenue and Conlon Avenue as shown by the plat and diagram on file in the City Clerk's office, shall constitute and be a special assessment district to be known as "Albert Drive Paving District No. 2" and be it further

RESOLVED, that the expense of said improvement, including the cost of such estimate, plats, diagrams and assessments incident thereto be and the same is estimated at the sum of \$14,879.92, that the entire expense of said improvement as herein estimated be assessed upon and against the lands and premises designated within said special assessment district, and that the amounts so assessed against each lot or parcel of land be paid in ten equal annual installments the first installment to be collected during the current year, and one installment to be collected annually thereafter, until the whole is collected, with interest on all deferred installments at the rate of 6% per annum; and be it further

RESOLVED, that the City Clerk be and is hereby directed to make a certified copy of this order and deliver the same together with a map of such district as finally determined, to the Board of Assessors. And be it further

RESOLVED, that the Board of Assessors be and are hereby directed to make such assessment forthwith upon all the real estate as designated within the district aforesaid according to foot frontage and as provided in the City Charter, and when said assessment roll is completed they shall report the same to this Commission.

162. Communication from Charles Darling, Engineer for the City of Grand Rapids:

"Grand Rapids is paving the south side of Hall St. from Sylvan Ave. to a point one-half mile east and it is the plan to construct a storm sewer under our section of the street in order to take care of the storm water drainage. We find that East Grand Rapids already has a storm sewer in this street of adequate size to take care of both cities for some time to come and we are therefore proposing that Grand Rapids be permitted to connect to this sewer, provided this proposition is approved by the East Grand Rapids Commission and yourself.

We have computed the cost of a sewer adequate for our needs on Hall Street to be \$2217.60, and will recommend to our Commission at their next meeting that Grand Rapids pay the City of East Grand Rapids one-half of this amount for the privilege of connecting and using the Hall St. storm sewer. Such an arrangement would reduce materially the cost of Hall St. improvement for both cities.

Our City Commission, however, does not meet again until July 7th and in the meantime the street contractor is being delayed on the Hall St. paving because of this proposition. I have promised completion of this job at an early date and in order to save time and speed up this work, I should be glad to have you obtain the approval of the East Grand Rapids Commission of this proposal at their next meeting on July 2nd, so that this entire matter may be disposed of at our July 7th meeting.

Very truly yours,

CHAS. DARLING, City Engineer"

City Manager Gork and Commissioner Deane, chairman of the Sewer Committee, recommended that this plan be adopted.

Brooks-Wagner. That the right be granted the City of Grand Rapids to use this storm sewer, and that the question of compensation be referred to the City Attorney, Manager and Chairman of the Sewer Committee with power to act.

198. Communication from George Hopp and Susie Hopp:

"July 30, 1930

City Commission and Henry Gork, City Manager
of the City of East Grand Rapids,
East Grand Rapids, Michigan

Gentlemen:

We have made a petition for the paving of Burchard St. S.E. from the western extremity of its present pavement to the west line of Pinecrest Ave. S.E.

We have also made a petition for the vacating of a strip of ground off the north side of the present right of way of Burchard St. S.E. between the west line of Hopp Floral Park Addition and the east line of Henry Ave. S.E.

In order to extend the present pavement on Burchard St. S.E. in a 50-foot width, from the present western extremity of the said Burchard St. pavement, it is apparent that a strip of ground off the north side of the lots in Block 4, Raymond Park Addition (approximately 5 feet to the east end and 5 feet to the west end) must be deeded to the City of East Grand Rapids for use as a part of the proposed new width of Burchard St. S.E.

We therefore, herewith agree to give the said strip of ground off the north side of the land we own in Block 4 in Raymond Park Addition to the City of East Grand Rapids for street purposes, provided, however, that the City of East Grand Rapids vacate the strip along the north side of Burchard (between the west line of Hopp Floral Park Addition and the east line of Henry Ave. S.E.) and give us a clear title to same.

Signed: George Hopp
Susie Hopp"

City Commission and Henry Gork, City Manager
of the City of East Grand Rapids,
East Grand Rapids, Michigan.

Gentlemen:

Having petitioned separately for a reduction in width in Burchard St. S.E., Ford St. S.E. and Henry Ave. S.E., we herewith agree to grant to the City of East Grand Rapids such ground off the west end of Block 5 of Raymond Park as will be necessary to open the north end of the said Henry Ave. S.E., to conform with the curve and line of the present pavement as laid to the south end of Floral Drive, S.E., provided, however, that the City of East Grand Rapids vacate the ground necessary to reduce the width of Burchard St., Ford St., and Henry Ave. to the requested widths and provided that we receive a clear title to the ground to be vacated, which will abutt our property.

219. Communication from City Manager Gork:

"July 31, 1930

Hon. City Commission
East Grand Rapids, Michigan.

Gentlemen:

On Wednesday, July 30th, representatives of the County and State Highway Department brought before a group of property owners along Hall St., between Woodcliff and the East City Limits, and the City Manager, a proposition whereby the State plans on taking over our present contract of paving, altering this plan by removing the twenty-foot parkway in the center of the street and raising the grade, assuming the extra cost.

I It was a suggestion of the State's representative that the City OK the attached plans and accept the State's proposition to make Hall Street a State Trunk Line.

It is my suggestion, before this plan be adopted, that a committee be appointed to visit the State Department at Lansing and ascertain whether or not the State will bear the expense of putting a top on the pavement which is already built from Woodcliff west to East Paris Road, as this pavement is not built for heavy traffic and it would soon go to pieces if used as a State Trunk Line.

I have made a tentative date with the State Dept. for a meeting Tuesday afternoon, August 5th.

Yours very truly,

L. HENRY GORK
City Manager"

Miss Conlon, representing Lake Drive Manor, at this time protested at the closing of the boulevard type of road.

Mr. B.P. Kenyon protested against the making of a State Trunk Line out of Hall Street and stated that the City would receive no benefit from this plan.

Mr. Wege stated that he would approve of making Hall Street a State Trunk Line provided there was no heavy trucking on this road.

245 Communication from Mr. M.W. Osborn:

"To the Honorable Mayor and Commissioners,
East Grand Rapids, Mich.

Gentlemen:

Last Monday evening your honorable body granted a
permit for a commercial enterprise to be operated on private
property despite protests of nearly all the surrounding
citizens and property owners. This enterprise consisted of
a gravel weighing and mixing machine located on the so-called
coal yard property on Lake Grove near Lake Drive and is now
being operated detrimental to the surrounding property on
account of the noise, dust and inconvenience caused by its
operation. And in addition to that the operators and pro-
prietors do not seem to have any regards for the rights of the
private property owners as they have continually driven over
private property with their heavy loaded trucks, thereby
causing considerable damage. And further, two sections of
the sidewalk facing on Lake Drive running across in front of
lots numbered twelve and thirteen has been badly broken up
and should be replaced without expense to me.

I therefore protest your granting this permit which I am
informed is in direct opposition to the ruling of your City
Attorney given before the vote was taken and which I consider a
direct violation of our zoning ordinance and must insist that
action be taken at once to rescind this permit as the property
owners surrounding this particular location have been endeavoring
for some time to build up a better community and acts such as
these are detrimental in every way to the growth, prosperity
and future development of not only this particular locality but
has its damaging effects on the entire City of East Grand Rapids.

I can assure you that this protest is not by any means
personal but has been agitated by many residents and property
owners in the Second Ward.

3-11-30

Trusting you will make a speedy adjustment of this matter and that you consider well the future of our splendid, rapid growing and beautiful City before allowing any recurrence of such a situation, I am

Yours truly,

M.W. OSBORN"

246 Communication from City Manager Gork:

"Honorable City Commission
East Grand Rapids, Michigan

Gentlemen:

I wish to report that on March 3, 1930, the Consumers Power Company was authorized to turn on the lights in the Fisk Lake Gardens Addition, and the cost of the same was to be taken care of by contract with the Fisk Lake Gardens Company, which was in the total amount of \$720.00, to be paid in two payments of \$360.00 on the first day of July, 1930 and \$360.00 on the first day of January, 1931, with interest at the rate of six per cent; and if the first and second payments were not taken care of when due that these lights be turned off.

The City Attorney drew up a contract to cover this matter, which contract was turned over to Mr. Clayson of the Fisk Lake Gardens Company some time ago for signature, and although Mr. Clayson has repeatedly promised that this contract would be signed and the first payment made on same, neither of these things have been done to date.

I would recommend at this time that this matter be turned over to the City Attorney and City Manager with power to act.

Very respectfully yours,
L. HENRY GORK
City Manager"

"Committee on Streets
City Commission
East Grand Rapids, Michigan.

Gentlemen:

I have investigated the matter of the broken sidewalk complained of in a letter to your body by M.W. Osborn under date of August 11th. The two slabs of broken walk which Mr. Osborn claims were broken by the Wolverine Asphalt Paving Co. in connection with their paving of Lake Drive east of Woodcliffe, were broken before this company started operations at the time the question of their operation at this site was taken up with your body. At that time I made an examination of the site and the broken walk contiguous to the old concrete driveway was noted. The contractor informs me that at all times the Wolverine Co. used the driveway into Lake Grove over Lot #15 and at no time used the old driveway opposite Lots # 12 and 13 where the breakage occurs.

The work in question has been completed, the paving company are dismantling their equipment in preparation for its removal, and all operation of their weighing plat was confined to the six days period

allowed them by the City Commission.

Very truly yours,

L. HENRY GORK
City Manager"

Memorandum re proposed lease of Phoenix Club Property to City of East Grand Rapids.

Lease period - 3 years, with option in said City to renew for 2 additional years.

Terms - \$2400 per year, payable quarterly in advance for first 3 years. \$2700 per year for the remaining two year period.

Possession - Delivery of possession to be made as soon as the same is obtainable, but in not less than 90 days from the date of the lease agreement.

General Taxes: To be paid by lessee.

Special Improvement Taxes: All special improvement taxes are to be paid by lessor and added to purchase price of property as fixed in the option to purchase.

Improvements and Alterations: To be first approved by lessor and at the expiration of lease the premises to be replaced in the same condition as when rented, or left as remodeled, at option of lessor.

Subletting: No subletting during the term of lease without lessor's consent.

Option to purchase: Lessee has option at any time during the first three-year period of lease to purchase property for the sum of \$40,000, and at any time during the last two years of the lease for the sum of \$45,000. In the event the property is purchased at any time during five-year period, the first two years' rental or such portion thereof as has already been paid, not exceeding the sum of \$4,800.00, shall be applied against and deducted from the purchase price. On exercise of option to purchase the remainder of the lease term is mutually cancelled.

Termination of lease: Lessor has option to terminate lease at any time after expiration of one year. Written notice to terminate shall be given at least six months prior to date of termination. Notwithstanding notice of termination of lease, lessee shall have the right for a period of sixty days after receipt of such notice to exercise its option to purchase the property at any time prior to the date of termination of the lease under lessor's notice of election to terminate lease. Lessor's option to terminate the lease shall be based only on lessor's having a sale for said property, otherwise the right of termination shall not exist.

Insurance: Fire and windstorm insurance in the sum of not less than \$20,000 full coverage shall be carried and paid for by the lessee.

Vacation of Property by Present Tenant: Lease is to be subject to lessor's ability to have the property vacated within the time specified, otherwise lease is not to take effect."

287LA Communication from Attorney Harold W. Bryant:

City Commission
East Grand Rapids, Michigan

Gentlemen:

Re: Removal of Spiles from Reeds Lake.

Pursuant to your request for an opinion covering the power of the municipality to cause the spiles in Reeds Lake to be removed, and the expense of so doing spread as a special assessment against the property owners in front of whose property the spiles are located, I submit the following:

1. In my opinion, the municipality has power to cause the removal of the spiles in Reeds Lake, on the ground that the same are a hinderance to navigation and a hazard to public safety.

2. Whether or not the cost of removal of these spiles may be assessed against the property in front of which the spiles are located, as a special assessment, is not clear, and apparently no direct analagous court decisions are to be found. However, it is my opinion that the spiles as now located on the property constitute a nuisance and that their removal can be legally charged against the owners of the property on which the same are located.

It is, of course, possible that the owners of the property on which the spiles are located would be willing to cooperate with the City to secure the removal of these spiles and willingly pay the necessary cost thereof.

Respectfully submitted,

HAROLD W. BRYANT, City Attorney".

291. Communication from L. Henry Gork:

"Honorable City Commission
East Grand Rapids, Michigan

Gentlemen:

I have received several letters from R.W. Forward, superintendent of collections of the Consumers Power Company, regarding a bill of \$535.56, which he states is due the Power Company from the City of East Grand Rapids.

Upon investigation, I find that this bill was incurred through the Wallie G. Campbell Electric Company in the installation of our fire alarm system. Mr. Campbell has interviewed Mr. Forward several times regarding this matter but has as yet not agreed upon any settlement.

In view of the fact that the Power Company has an okeh on this work from your former City Manager, they are billing the City of East Grand Rapids for the full amount.

It is my recommendation that this account be paid and the amount of same deducted from the amount due the Wallie G. Campbell Electric Company.

Very truly yours,

L. HENRY GORK, City Manager"

Gentlemen:

Enclosed is a bill for \$177.36 from the Richards Manufacturing Company, dated Dec. 6, 1927, for material which was furnished contractor Leonard Kik, who was putting in Lakeside Drive water main from Lansing St. to Robinson Road.

This contract was not completed by Leonard Kik, but his bonding company took over the work and sufficient money was retained from the bonding company at the time this work was completed to take care of this bill, although payment was never made.

Upon investigation I believe this to be a legitimate bill and should be paid by the Water Dept., and recommend its payment.

City of East Grand Rapids, Michigan.

Gentlemen:

I am submitting herewith progress estimate on Hall St. from Lake Drive to East City Limits, and note that certain extras authorized by Mr. Whiting have not yet been approved by the Commission.

A storm sewer trench was dug and abandoned due to change in plans, for which the Contractor was allowed \$37.00, also 40 ft. of storm sewer was laid and abandoned at the same time, for which allowance should be made the contractor at 85¢ per foot.

Due to the Van Ess water main construction, Golden and Boter were required to come back and re-grade for an amount shown on the attached bill of \$413.91.

Mr. Whiting also authorized construction of a lamp-hole at the sewer lift, for which Mr. Vander Weele asks an allowance of \$20.00.

"City Commission
East Grand Rapids, Mich.

Attention: Henry Gork, City Manager.

Gentlemen:

This is to confirm verbal understanding with your city manager that we request that official action be taken by your body for the authorization of the installation of water service lines in our Reeds Lake Highlands plat in the streets shown on the sketch attached.

We understand that the estimated cost of these service lines to be \$3,706.95 and that we will be required to advance this amount or the actual amount required for this work.

We understand that you will make up a contract whereby the amount of money to be paid by us for the water service lines will be refunded to us when the service lines show an earning of 10% of the cost price. Will you kindly have your proper officials draw up this contract as soon as possible.

In accordance with our understanding with Mr. Gork, we have made arrangements with the Monroe St. Branch of the Grand Rapids National Bank to pay you the amount of the contract at such time as the bills for same have to be paid by your City Treasurer. The banks endorsement below insured you of this payment.

Note- We have not included the amount of \$187.84 for the furnishing and laying of the 1 1/2" effluent pipe in the contract, and this letter is to advise that unless notified to the contrary, this effluent pipe will NOT be required.

Trusting you will give this request your prompt and best consideration, I remain,

Very truly yours,

NOTE: The communication of the City Manager referred to as communication No. 329 reads as follows:

"Aug. 30, 1930

Hon. City Commission
East Grand Rapids, Mich.

Gentlemen:

I wish to call your attention to certain irregularities and discrepancies I have encountered in checking over various paving, sewer and water projects in an attempt to settle these accounts so that they may be prepared for final settlement on our books. The following is a statement of conditions as I find them:

On Argentina Imp. a final estimate for the amount of \$1511.58 has been made by a former City Manager. Measurements show the contractor has an amount of only \$116.01 due him. I recommend payment be made on the new estimate.

On Burchard Imp. your former City Manager prepared a final estimate for the amount of \$93.00. Measurements show the Contractor has been overpaid in the amount of \$133.12 and I recommend this final be disregarded. I further recommend that recovery be made.

On the intersection of East Paris and Beechwood, your former City Manager had prepared a final estimate for the amount of \$2927.36. Measurements show the contractor has only \$2759.32 due him, and I recommend this final be disregarded as not being a true statement of amounts due.

On Hall St. Imp. #1, your former City Manager had prepared a final estimate for the amount of \$3375.32 to Don Vander Veen, contractor. Remasurement and deduction for defective work show that the contractor owes the City \$290.98 at this time and I recommend that this final be disregarded and recovery made.

On Hall St. Imp. #5, your former City Manager had prepared two progress estimates which have been honored by the Commission, in which the item prices are in excess of those shown on the contract. This can be corrected when next progress estimate is allowed on this job.

On San Jose Imp. your former City Manager had prepared a final estimate for the amount of \$1263.80, while measurement shows the amount due contractor to be \$704.00. I recommend this final be disregarded.

On San Lucia Imp. your former City Manager shows a balance due contractor of \$1469.54. A careful check leads me to believe that the contractor has already been overpaid on this contract in the amount of \$2172.24, and I recommend that this final be disregarded and recovery made from contractor.

On San Lu Rae Imp. your former City Manager had presented the Commission with a final estimate for payment in the amount of \$2341.05. Measurements show this figure to be incorrect and that the amount due contractor is \$1115.97. I recommend that this final be disregarded.

On Lovett Ave. re-paving, your former City Manager had presented Commission with a tabled final for \$941.09. Measurements show the amount due to be \$520.68.

On North Shore San. Sewer, your former City Manager had prepared a final estimate for J.R. Matson & Co. of which the amount of \$400.00 remains unpaid. Due to the fact that Mr. Matson was allowed 15% on all extras in violation of the contract specifications, I find that J.R. Matson & Co. has been overpaid in the amount of \$15.74.

On Oakland Ave. Sewer your former City Manager had prepared a tabled final for the amount of \$911.90 as of Feb. 15, 1930. Examination shows the quantities given in the estimate are not in accordance with measurements on file in the Engineer's Office Dec. 18, 1928, which check with measurements made in June, 1930. I find the amount due Mr. Matson to be \$5.10, and recommend that this final be disregarded.

On Ottawa Hills Sanitary Sewer #3 your former City Manager had prepared a final estimate in the amount of \$5527.37, which was tabled by your body. Examination shows this estimate should have been for the amount of \$4089.90.

On Richards Drive San. Sewer, Mr. Ruffcorn, a contractor, received a total of \$2001.18 on an original contract of \$1355.40 on estimates prepared by your former City Manager. Investigation shows the total amount actually due Mr. Ruffcorn on this job to have been \$1367.65 and that Mr. Ruffcorn was overpaid \$633.53.

Respectfully submitted,

L. HENRY GORK
City Manager "

347. Communication from Attorney Bryant:

"Hon. City Commission,
East Grand Rapids, Mich.

Gentlemen:

Re: Water Main Construction in
Oakland Ave. from Hall St. to
Lake Drive.

Under date of Jan. 6, 1930, I made a recommendation filed with you, that a special assessment district be created to cover the expense of the construction of the above described water main. You will recall that this water main was constructed under apparently a verbal agreement with certain property owners interested therein to deposit with the City the funds to pay the same.

Under date of Jan. 6, 1930, pursuant to my recommendation, the first resolution was passed creating a special assessment district. No further action has been taken by the Commission in this connection.

On investigation I find that the total expense of this water main construction was provided for by Water Works Construction Bonds of the City, issue of Nov. 1, 1929. Therefore, I would recommend that the previous action of the Commission under date of Jan. 6, 1930 be rescinded.

Respectfully submitted,

HAROLD W. BRYANT
City Attorney"

Swain-Wagner. That the Resolution #457 passed on January 6th, 1930, wherein the Commission resolved a special assessment district was established consisting of lots, parts of lots and parcels of land abutting upon either side of Oakland Avenue between Hall Street and Lake Drive to pay the entire expense for the installation of water mains heretofore installed in said Oakland Avenue between Hall Street and Lake Drive, be rescinded.

"Hon. City Commission
East Grand Rapids, Mich.

Gentlemen:

Re: Hendricks Subdivision Water Main.

Under date of Jan. 6, 1930, I filed a recommendation with your Commission that a special assessment district be created to provide the necessary funds to pay the expense

of the construction of the above described water main. You will recall that this water main was constructed under a verbal agreement with the owners of the property that they would deposit with the City the necessary funds therefor.

Under date of Jan. 6, 1930, pursuant to my recommendation, your Commission passed the first resolution creating a special assessment district to provide the necessary funds for the payment of the construction of this water main. No further action has been taken since that date.

I am advised that the present income from these water mains is fairly substantial and that it will probably be self-sustaining within the next year or so. In view of this situation, it is my recommendation that the action of the City Commission above referred to, taken under date of Jan. 6, 1930, be rescinded, and that the expense of the construction of these water mains be provided for by issuance of water construction bonds, to be issued when and as determined by your Commission.

Respectfully submitted,

HAROLD W. BRYANT
City Attorney".

"This is with reference to your letter dated September 18, asking for bids on \$26,683.37 of City of East Grand Rapids, Michigan, bonds for the purpose of sewer construction and street improvement, maturing \$4,393.68 each year, 1931 and 1932; \$2,811.43 each year, 1933 and 1934; \$2,454.63 each year, 1935 to 1939 inclusive. Said bonds are to be the general obligation of the City of East Grand Rapids.

We propose to pay for said bonds bearing 5% coupons, interest payable semi-annually, par and accrued interest plus a premium of \$126.00.

If we are awarded the bonds, we will pay the cost of printing and the cost of the legal opinion which must be satisfactory to us.

This is a sealed bid in accordance with your request for bids for the sale of said bonds at 7:30 P.M. at the City Hall on September 22, 1930.

We are enclosing herewith a certified check in the amount of \$267.00 which is to be held by you in accordance with the terms of the above offering.

RESOLVED, That Whereas, the City Commission has heretofore under proper resolutions declared the grading and paving of

BEECHWOOD DRIVE from the west line of Ravenswood Plat to Woodcliff Avenue

including the necessary curbs, gutters, manholes, catch basins, storm water sewers, sewer laterals and water services, to be a necessary public improvement and that the entire expense of the same shall be paid by special assessment, levied upon a special assessment district, consisting of the lands and premises, excepting public highways and alleys, abutting upon said improvement according to foot frontage; and

WHEREAS, on account of unusual conditions incident to said work and improvement, the amount assessed to pay the cost of such improvement is insufficient therefor;

NOW, THEREFORE, Be It Resolved, that a re-assessment be made upon all the property in said special improvement district to pay for the cost of said improvement.

AND BE IT FURTHER RESOLVED, that the Director of Public Service prepare an estimate of the cost thereof, together with specifications, plate, and diagrams of the work and of the locality to be improved and a plat of the lots contained in said special assessment district.

WHEREAS, this Commission has heretofore ordered the construction of certain public improvements in said City, known as the Santa Cruz Drive Paving #1 and Albert Drive Paving #2, the expense of which is to be paid by a tax upon special assessment districts established therefor, known as the Santa Cruz Drive Paving District #1 and Albert Drive Paving District #2, and did enter into contracts for the construction of said improvements, and the contractors for said work having entered upon the performance of the same and submitted estimates for work done to the date hereof; and

WHEREAS, this Commission has recently sold special improvement bonds to procure funds to pay the cost of said work, and which funds are not yet available; and which said bonds are to be paid out of the unpaid installments of said special assessments when collected, and it being desired to make a temporary loan of a sufficient sum to pay said estimates until the proceeds from the sale of said bonds are received, therefore be it

RESOLVED, by the City Commission of East Grand Rapids that the sum of Six Thousand Eight Hundred Eighty-four Dollars (\$6,884.00) be borrowed from the Grand Rapids Savings Bank by temporary loan for the purpose of obtaining funds with which to pay aforesaid estimates of said contracts until such time as funds will be available from the sale of the aforesaid improvement bonds and that the Mayor and Clerk of this City be, and they are hereby authorized to execute, sign and deliver the promissory note of this City in said amount to said Bank, payable in ninety days from the date hereof, together with interest; and that said amount be deposited as follows: \$1,314.00 in the Santa Cruz Drive Paving District #1 Fund and \$5,570.00 in the Albert Drive Paving District #2 Fund.

430. Report of Attorney H. W. Bryant:

#October 3, 1930

Honorable City Commission
East Grand Rapids, Michigan.

Dear Sirs:

Approximately three weeks ago, the City Manager filed his report with you covering thirteen special improvement contracts, calling your attention to certain discrepancies and irregularities he had encountered in connection with these contracts. Pursuant to your action in referring this report to me, I am herewith submitting a detailed statement covering my findings and opinion in connection with these several contracts.

10-6-30

In this connection, I might say that I have examined all records which have been furnished me as having any bearing or relation to the several contracts. My report on these contracts, taking them up in the order in which they appear in Mr. Gork's letter of August 30, 1930, is as follows:

ARGENTINA IMPROVEMENT.

This is a special improvement covering paving, storm sewer, water service, sidewalk, curb and gutter. The contract was let to Peter Passink in the sum of \$28,303.02. The original estimate of the cost of this improvement made by Mr. Whiting was \$37,425.00. The total amount to be paid to the contractor, based on the final estimate of Mr. Gork is \$28,868.14.

Mr. Whiting's final estimate on this improvement sets forth a balance due the contractor of \$1511.58. Under Mr. Gork's direction, a measurement of the entire improvement work under this contract was made, resulting in the following changes in Mr. Whiting's final estimate:

<u>Whiting's Final Estimate</u>	<u>Gork's Final Estimate</u>	<u>Reduction in Whiting's Final Est.</u>	<u>Increase in Whiting's Final Est.</u>
Excavation - 14,500 yds.	11,136.3 yds.	1194.95	
Concrete Curb - 5,301 "	5,240.5 "	21.49	
Concrete Paving - 10,612 "	10,373.7 "	362.81	
Water Services - 376 feet	355.5 feet	26.32	
	Total	\$ 1605.57	

Not on Whiting's Final Estimate:

Adjusting Manhole	60.00
Removing trees	150.00
	<u>210.00</u>

Net reduction in Whiting's Final Estimate \$1395.57

You will note the allowances made by Mr. Whiting for the first four items was reduced \$1605.57 and the fifth and sixth items did not appear as an allowance to the contractor on Mr. Whiting's final, and therefore are treated as a credit in the sum of \$210.00, resulting in a decrease of \$1395.57 in the amount to be paid the contractor on this job.

No records have been furnished me as a basis for Mr. Whiting's final estimate. I am informed that there are no records of any measurements as having been taken under Mr. Whiting's direction to back up his final figures. Prior to the letting of this contract Mr. Whiting's original estimate filed with the Commission shows as follows on the first four items in question:

Excavation	14,500 yards
Concrete Curb	5,300 "
Concrete Paving	10,208 "
Water Services	364 feet

You will note that in each instance Mr. Whiting's final estimate figure approximates his original estimate figure and in each instance shows an excess amount. This excess is very considerable on the items of excavation and paving.

Whether Mr. Whiting's final estimate was based on actual measurements, it is impossible to definitely state. However, the City's records do not disclose any such measurements.

The contractor has not received final payment on this improvement and has accepted Mr. Gork's revision of Mr. Whiting's estimate. Therefore, there is no loss to the City on account of the errors contained in Mr. Whiting's final estimate.

BURCHARD IMPROVEMENT:

This is a special improvement covering paving, sewer work, curb and gutter. The contract was let to Peter Passink in the sum of \$7,657.35. The original estimate of the cost of this improvement made by Mr. Whiting was \$11,593.15. The total amount paid to the contractor, based on the final estimate of Mr. Gork is \$8,853.65.

Mr. Whiting's final estimate on this improvement sets forth a balance due to the contractor of \$93.00. Under Mr. Gork's revised estimate the following changes were made in Mr. Whiting's final estimate.

<u>Whiting's Final Estimate</u>	<u>Gork's Final Estimate</u>	<u>Reduction in Whiting's Final Estimate</u>	<u>Increase in Whiting's Final Estimate</u>
Excavation - 2600 yards	1895.8 yards	\$ 246.47	
Concrete Paving - 3497 "	3518.9 "		\$ 32.85
Concrete Curb - 2090.5 "	2091.9 "		.50
10 in. Sanitary Sewer Pipe - 46 ft.	28 ft.	18.00	
		<u>\$264.47</u>	<u>\$ 33.35</u>
Net Reduction in Whiting's Final Estimate -			\$231.12

You will note the main item of difference between Mr. Whiting's final estimate and Mr. Gork's final estimate is the item of excavation.

No records have been furnished me as a basis for Mr. Whiting's final estimate. I am informed that there are no records of any measurements as having been taken under Mr. Whiting's direction to back up his final figures. Prior to the letting of this contract Mr. Whiting's original estimate filed with the Commission shows as follows:

Excavation	-	2600 yards
Concrete Paving	-	3489 yards

Whether Mr. Whiting's final estimate was based on actual measurements it is impossible to definitely state. However, the City records do not disclose any such measurements, and it is my opinion that in placing 2600 yards for excavation in his final estimate he made no measurement, or if one was made it was disregarded and he used the original estimate made by him prior to the letting of the contract.

While the contractor has received final payment on this improvement based on Mr. Whiting's estimate, he has agreed to accept Mr. Gork's revision and to account to the City for the amount of the over-payment in the sum of \$138.12.

INTERSECTION OF EAST PARIS AND BEECHWOOD STREETS:

This is a special improvement covering paving, curb and gutter at the intersection of East Paris and Beechwood Streets. There was no formal written contract covering this work. Mr. Whiting had Don Vander Veen do the work.

Mr. Whiting's final estimate on this work sets forth a balance due the contractor of \$2927.36. Under Mr. Gork's direction the measurement of the improvement work was made resulting on the following changes in Mr. Whiting's final estimate:

Whiting's Final Estimate	Gork's Final Estimate	Reduction in Whiting's Final Est.	Increase in Whiting's Final Est.
Concrete Paving - 1896.04 yds.	1788.8 yds.	\$ 172.65	
Concrete Curb - 348.02 ft.	358.9 ft.		\$ 16.41
Net reduction in Whiting's final estimate			\$ 168.04

No records have been furnished me as a basis for Mr. Whiting's final estimate, although I have talked with Ed Carmody, formerly employed by the City in connection with its improvement work, and he states that he made the measurement on this improvement.

The contractor has not received final payment on this improvement and there will be no loss to the City on account of the errors contained in Mr. Whiting's final estimate.

It is also worthy of comment in connection with this work that two other contractors were doing similar construction work for the City at about the point of this intersection for bid prices less than the price for which the work was let to Don Vander Veen. There may or may not be good reasons why Whiting let this work to Don Vander Veen instead of to either of the other contractors.

HALL STREET IMPROVEMENT NO. 1:

This is a special improvement covering paving, curb and some sewer work. The contract was let to Don Vander Veen. The original estimate of the cost of this improvement made by Mr. Whiting was \$30,800. The total amount to be paid to the contractor based on the final estimate of Mr. Gork is \$32,714.58.

Mr. Whiting's final estimate on this improvement sets forth a balance due the contractor of \$3375.32. Under Mr. Gork's direction the measurement of the entire improvement work under this contract was made, resulting in the following changes in Mr. Whiting's final estimate:

	<u>Whiting's Final Estimate</u>	<u>Gork's Final Estimate</u>	<u>Reduction in Whiting's Final Est.</u>
Sand Cushions -	3280 yds.	2052 yds.	\$ 921.00
Concrete Curb -	5699 ft.	5215.1 ft.	208.02
Pavement -	9578.3 yds.	9260.3 yds.	511.98
Catch Basins -	30	28	100.00
Extra work under Whiting's final estimate:			
Cost plus 15% allowed Whiting			
Cost plus 10% allowed Gork			\$ 170.64
Reduction made for defective pavement			<u>1744.60</u>
Net reduction in Whiting's final estimate			\$3656.24

No records have been furnished me as a basis for Mr. Whiting's final estimate. I am informed that there were no records of any measurements as having been taken under Mr. Whiting's direction to back up his final figures, although I have been informed by Ed Carmody that he did in fact measure up this work. However, if he did measure it up and his measurements were anywhere near correct, his figures were undoubtedly disregarded by Mr. Whiting in making up his final estimate. With reference to the sand cushion item, it is of course impossible to know definitely at this time the amount of sand used, inasmuch as the sand is now covered over with pavement. However, holes were drilled through the pavement and the average thickness of the sand cushion was determined and Mr. Gork's estimate is made on such tests.

The contractor has not received final payment on this improvement and in the event Mr. Gork's final estimate is accepted, there will be no loss to the City on account of the errors contained in Mr. Whiting's final estimate.

HALL STREET IMPROVEMENT NO. 5:

This is a special improvement covering paving and sewer work and the work is now in progress and has not been completed. The contract was let to Grand Rapids Asphalt Paving Co. The estimate referred to in Mr. Gork's letter of August 30, 1930 was a progress estimate in which the item prices as figures by Mr. Whiting were in excess of the bid price as shown on the contract. This is shown as follows:

<u>12" Sewer</u>	<u>Bid Price</u>	<u>Price fixed in Whiting's Est.</u>	<u>Reduction in Whiting's Est.</u>
	1.10	1.15	\$ 28.74
<u>18" Sewer</u>	9.00	10.50	606.00
Catch Basins	50.00	55.00	<u>30.00</u>
Net reduction in Whiting's Est. #1			\$ 664.74

I have been unable to find any basis for Mr. Whiting's figures as used in his progress estimate, and inasmuch as they are not in accordance with the contract price, they be changed. I am unable to state whether Mr. Whiting's use of higher figures was unintentional or intentional.

Of course the contractor has not received final payment on this improvement and there will be no loss to the city on account of the errors contained in Mr. Whiting's final estimate.

SAN JOSE IMPROVEMENT:

This is a special improvement covering paving, sewer work, curb and some sidewalk.

The contract was let to Peter Passink in the sum of \$14,139. The original estimate of the cost of this improvement made by Mr. Whiting was \$19,372.66. The total amount to be paid to the contractor based on the final estimate of Mr. Gork is \$14,877.15. Mr. Whiting's final estimate sets forth a balance due the contractor of \$1263.80. A remeasurement of the entire improvement made under Mr. Gork's direction resulted in the following changes in Mr. Whiting's final estimate:

	<u>Whiting's Final Est.</u>	<u>Gork's Final Estimate</u>	<u>Reduction in Whiting's Final Est.</u>	<u>Increase in Whiting's Final Est.</u>
Excava- tion -	4161 yds.	4092.5 yds		\$ 151.03
Concrete Curb -	3492 ft.	3423.7 ft.	\$ 23.90	
Paving-	6019 yds.	5734.4 yds.	426.90	
Concrete Walk -	2131 yds.	2011.2 yds.	161.73	
Water Serv- ices -	608 ft.	527.5 ft.	48.30	
Valve Chambers	4	3	94.00	
			<u>\$ 754.83</u>	
Walk Approaches		2		44.00
				Net reduction in Whiting's final estimate
				\$ 559.60

No records have been furnished me as a basis for Mr. Whiting's final estimate. The City's records do show some measurements taken by Ed Carmody, although these measurements do not correspond with the figures used by Mr. Whiting in his final estimate. It is my opinion that Mr. Whiting in making up his final estimate did not do so on measurements, but that the same was largely guess work on his part.

The contractor has not received final payment on this improvement and has accepted Mr. Gork's revision of Mr. Whiting's estimate. Therefore, there is no loss to the City on account of the errors contained on Mr. Whiting's final estimate.

SAN LUCIA IMPROVEMENT:

This is a special improvement covering paving, curb, sidewalk and sewer.

The contract was let to Peter Passink in the sum of \$22,082.00. The original estimate of the cost of this improvement made by Mr. Whiting was \$32,088.37. The total amount to be paid to the contractor based on the final estimate of Mr. Gork is \$24,526.70.

Mr. Whiting's final estimate on this improvement sets forth a balance due the contractor of \$1469.54. Under Mr. Gork's direction, the following changes have been made in Mr. Whiting's final estimate:

	<u>Whiting's Final Estimate</u>	<u>Gork's Final Estimate</u>	<u>Reduction in Whiting's Final Est.</u>
Excavation -	9800 yds.	6428.3 yds.	\$ 1180.09
Paving -	7791 yds.	7271.2 yds.	753.71
Concrete Curb -	4500 ft.	4037.08 ft.	161.77
Walk -	2580 yds.	1996.4 yds.	641.96
12" Sewer -	580 ft.	120 ft.	414.00
18" Sewer -	2172 ft.	2000 ft.	330.24
Catch Basins -	10	6	<u>160.00</u>
	Net reduction in Whiting's Final Estimate		<u>\$3641.77</u>

You will note in each instance the allowances made by Mr. Whiting are largely in excess of the item allowances made by Mr. Gork. Some of these items are subject to accurate check at this time and have in fact been remeasured. There is no doubt that Mr. Whiting's allowance on excavation was largely in excess of a proper allowance and there is nothing in the City records to back up Mr. Whiting's figure. The items of paving and curb are subject to accurate check. On the item of sidewalk, Mr. Gork took Ed Carmody's measurement. Likewise, on the item of 12" sewer, we had no record to go on, but Ed Carmody, who was in charge of this work under Mr. Whiting, stated that there was 120 feet of 12" sewer laid and this figure was used. As to the 18" sewer item, no measurement was taken, but the estimated amount as contained in Mr. Whiting's original estimate of 2000 feet was used for a final figure. It is possible that this item should be further reduced to 1744.5, based on a re-measurement of the 18" sewer made after Mr. Gork's report to you under date of August 30, 1930. Insofar as I have been able to ascertain, there is no accounting or explanation for Mr. Whiting's figures as contained in his final estimate. The allowances made by him are grossly excessive and are the result of either gross indifference and recklessness, or were made intentionally with the idea of allowing the contractor to be paid more money than he was entitled to.

The contractor in this instance has been overpaid on this contract in the sum of \$2172.24. It is my opinion there will be no loss to the City on account of the errors contained in Mr. Whiting's final estimate in the event we can sustain Mr. Gork's figures as contained in his final estimate, and it is my opinion we can do so.

SAN LU RAE IMPROVEMENT:

This is a special improvement covering paving, sewer, water services, curb and gutter. The contract was let to Peter Passink in the sum of \$30,429.25. The original estimate of the cost of this improvement made by Mr. Whiting was \$41,350. The total amount to be paid to the contractor based on the final estimate of Mr. Gork is \$31,343.49.

Mr. Whiting's final estimate on this improvement sets forth a balance due the contractor of \$2,341.05. Under Mr. Gork's direction a measurement of the improvement work has resulted in the following changes in Mr. Whiting's final estimate:

	<u>Whiting's Final Estimate</u>	<u>Gork's Final Estimate</u>	<u>Reduction in Whiting's Final Est.</u>	<u>Increase in Whiting's Final Est.</u>
Excavation -	6,715 yds.	6,456.2 yds.	\$ 90.58	
Concrete Pavement -	15,462 yds.	14,797.3 yds.	997.05	
Concrete Curb -	5,497 ft.	5,355.7 ft.	48.45	
Valve Chambers -	14	10	<u>88.00</u>	
		Total	\$1,224.08	

I am informed that the City has no records of any measurements as having been taken under Mr. Whiting's direction to back up his final figures. There is no reasonable explanation for the excessive figures allowed by Mr. Whiting on several of these items. The pavement, curb, and excavation are subject to accurate check and measurement. Either Mr. Whiting was grossly indifferent to the City's interests in making up these figures, or he was intentionally allowing the contractor an excessive amount on several of the items in order that the contractor would receive money to which he was not properly entitled.

The contractor has not received final payment on this improvement, and has accepted Mr. Gork's revised estimate. Therefore, there is no loss to the City on account of the errors contained in Mr. Whiting's final estimate.

LOVETT AVENUE IMPROVEMENT.

This is a special improvement covering repaving of Lovett Avenue including some curb, gutter and sidewalk work. This work was given to Don Vander Veen by Mr. Whiting without the formality of a written contract. The final estimate covering the same prepared by Mr. Whiting shows an amount due the contractor of \$941.09. A re-measurement of the paving under Mr. Gork's direction shows 1,404.7 yards instead of 1,652 yards as allowed by Mr. Whiting, or a difference of \$420.41.

I have not been able to discover any records of the City covering this improvement which would show any measurements on the amount of paving. It is impossible to state whether Mr. Whiting's final estimate was based on actual measurements. It is clearly apparent that Mr. Whiting made a mistake on his estimate covering the paving, and that a careful check-up of the paving work done would have revealed the same.

NORTH SHORE SANITARY SEWER:

Final estimate of Mr. Whiting covering this improvement shows an amount due to J.R. Matson Company, the contractor, in the sum of \$400. Included in Mr. Whiting's allowances was an amount of 15% on all extras. The written contract with J. R. Matson Company provided for only 10%. Mr. Gork's report of August 30, 1930, covers only the reduction of this 15% allowance to 10%. This reduction results in the contractor having received an over-payment of \$15.74.

OAKLAND AVENUE IMPROVEMENT.

This is a special improvement covering construction of sewer. The contract was let to J.R. Matson in the sum of \$2,174.30. The final estimate of the cost of this improvement made by Mr. Whiting was \$3,121.70. The total amount to be paid to the contractor based on the final estimate of Mr. Gork is \$2,254.90.

Mr. Whiting's final estimate on this improvement sets forth a balance due the contractor of \$911.90. Under Mr. Gork's direction a measurement of the entire improvement work under this contract was made, resulting in the following changes in Mr. Whiting's final estimate:

<u>Whiting's Final Estimate</u>	<u>Gork's Final Estimate</u>	<u>Reduction in Whiting's Final Est.</u>	<u>Increase in Whiting's Final Est.</u>
Manholes - 7	3	\$ 320.00	
8" Sewer - 1,397 ft.	1,059 ft.	371.00	
Laterals - 820 ft.	680 ft.	<u>175.00</u>	
	Total	\$ 866.10	

I have had the opportunity to check Mr. Whiting's final estimate with him personally, and with reference to the seven manholes he states as follows: That only three manholes were constructed on this job, but he put seven in the final estimate because Matson had four valve chambers on another job which did not have sufficient money in the fund to pay for the construction of said valve chambers. Therefore, he treated the same as manholes and put them in this improvement.

Ed. Carmody's measurements on this sewer are in Book 30 at p. 42.

These figures show 1,059 feet of 8-inch sewer. Mr. Whiting says this figure is correct and his estimate is a mistake.

On the laterals, Carmody's figures show 680 feet. It is impossible to measure these laterals at this time, and it is possible that Mr. Whiting's figure is correct.

In my opinion there is no excuse or explanation for the mistake made by Mr. Whiting in the allowance of 1,397 feet of 8-inch sewer in this final estimate. It was either the result of reckless indifference and carelessness, or was intentional on his part.

The contractor has not received final payment on this improvement, and there should be no loss to the city on account of the error contained in Mr. Whiting's final estimate.

OTTAWA HILLS SANITARY SEWER IMPROVEMENT #3:

This is a special improvement contract covering construction of sanitary sewer laterals and extra work. The contract was let to P.C. Sorenson in the sum of \$9,838.60. The original estimate of the cost of this improvement made by Mr. Whiting was \$12,977.06. The total amount to be paid to the contractor based on the final estimate of Mr. Gork is \$13,862.96.

Mr. Whiting's final estimate on this improvement sets forth a balance due the contractor of \$5,527.37. Under Mr. Gork's direction, a careful check of the work done under the contract was made, resulting in the following changes in Mr. Whiting's final estimate:

	<u>Whiting's Final Estimate</u>	<u>Gork's Final Estimate</u>	<u>Reduction in Whiting's Final Est.</u>	<u>Increase in Whiting's Final Est.</u>
8" Sanitary Sewer -	4,368.3 ft.	4,301.4 ft.	\$100.35	
6" Laterals -	2,486 ft.	2,484 ft.	1.20	
Removing Sewer Lift, etc. -	\$594.43	\$519.60	74.83	
Well Points and Pumps -	\$1578.29	\$535.50	1,032.79	
Removing Brick and Gravel -	49.09	49.64		\$ 0.55
Removing and re-laying 8" Sewer -	\$1532.37	\$1515.68	16.69	
Grading & Extra Work - Removing Trees -	\$1487.00	\$1408.72	78.28	
Water-tight Joints -	\$ 180.20	56.32	123.88	
			<u>\$1,438.02</u>	<u>\$ 0.55</u>
Net reduction in Whiting's final estimate			1,437.47	

It is to be noted in connection with this contract that prior to the revision of Mr. Whiting's estimate, most of the work had been completed and was underground, and, of course, was not subject to as accurate a check as would otherwise have been possible. I am informed that there are no records of any measurements as having been taken and recorded under Mr. Whiting's direction to back up his final figures.

The contractor has not received final payment on this improvement, and there should be no loss to the City on account of the reductions made in Mr. Whiting's final estimate.

RICHARDS DRIVE SANITARY SEWER:

This is a special improvement covering construction of a sanitary sewer. The contract was let to Frank Ruffcorn in the sum of \$1,335.40. The work was completed and the final estimate showed total cost of \$1,367.65. Estimate No. 1 prepared by Ed Carmody and O.K.'s by Mr. Whiting was in the sum of \$770.29. This estimate was approved by the Commission and paid on June 6, 1929. Thereafter, and on July 1, 1929, Mr. Whiting made out a final estimate showing a total of \$1,367.65 due contractor. Mr. Whiting failed to deduct from the final estimate the amount of \$770.29 which had been paid the contractor under the first estimate. This resulted in a check being issued to the contractor in the sum of \$1,230.89, being the total amount of the final estimate, except the usual 10% which the City retains until final settlement, and an over-payment to the contractor in the sum of \$633.53. It is impossible to determine whether or not this over-payment was purely a mistake or otherwise.

I am informed that the proceeds from this contract were turned over by Mr. Ruffcorn to Anton Vandenberg of this City, and that at the time the City's check for \$1230.89 was turned over to Mr. Vandenberg. He was advised and knew that a mistake had been made by the City and that this check represented an over-payment for the work done. The cancelled check No. 92 of the City, dated June 6, 1929, payable to Frank Ruffcorn in the sum of \$770.29, and the cancelled check of the City No. 166, dated July 6, 1929, payable to Frank Ruffcorn in the sum of \$1,230.89, each bear on the back thereof the following endorsements - the first, "Frank Ruffcorn, per Anton Vandenberg"; the second check - "Frank Ruffcorn-Anton Vandenberg". Under the circumstances as outlined, it would be my opinion that the City seek to recover the amount of the over-payment from Frank Ruffcorn and Anton Vandenberg.

In connection with the foregoing matters I have had conferences with the following named contractors: Peter Passink, J. R. Matson, Don Vander Veen and Jacob Sorenson. All of the foregoing represent contractors with whom the City dealt during Mr. Whiting's administration and whose estimates have been revised as shown by the foregoing report, with the exception of Jacob Sorenson. The latter has had no contracts with the City but has had charge of certain special improvement work originally let by contract to his brother, P.C. Sorenson. As a result of these conferences, I have definitely been advised as follows:

Commencing in the early part of 1929, C.K. Whiting borrowed money from Peter Passink from time to time and at the time Mr. Whiting ceased his connections with the City of East Grand Rapids as City Manager he was indebted to Mr. Passink in the sum of \$550.00. During part of this period of time the indebtedness was represented by a promissory note or notes of Mr. Whiting. Mr. Passink now holds a note of Mr. Whiting's in the sum of \$550.00. Also during part of this time a portion of the indebtedness, I am informed, was secured by title to Mr. Whiting's automobile. No payments were made by Mr. Whiting on the moneys borrowed from Mr. Passink with the exception of \$200.00, which I am informed was paid.

I am informed by Mr. J.R. Matson that he has on no occasion loaned or paid any moneys to Mr. Whiting.

I am informed by Mr. Don Vander Veen that he has on no occasion ever loaned or paid any money to Mr. Whiting. He did advise me, however, that in 1929 Mr. Whiting telephoned to Don Vander Veen from Detroit requesting a loan of \$100.00. Mr. Vander Veen arranged with Claude Loomis to loan Whiting \$100.00, and I am informed this loan was repaid by Mr. Whiting.

While the foregoing covers all matters reported to you in Mr. Gork's letter of August 30, 1930, I have, together with Mr. Gork's assistance, investigated certain additional matters and herewith submit my report on the same.

Jacob Sorenson advises me that he has never loaned or paid any money to Mr. Whiting. He did state that just prior to Christmas in the year 1929, Mr. Whiting telephoned him from Detroit and requested the loan of \$50.00, but this loan was not made. There is now pending in the Circuit Court of Kent County a suit commenced by P.C. Sorenson against Joseph Martitius, Clarence K. Whiting and Thomas Mahan. This suit is based on the promissory note dated December 11, 1929, executed by Joseph Martitius and payable to Clarence K. Whiting, in the sum of \$600.00.

This note will be referred to in connection with another matter later in this report. However, I mention it now to call attention to the fact that the note is endorsed by Thomas Mahan, who is a contractor with whom the City had dealings during Mr. Whiting's administration, and that said note is now held by P.C. Sorenson, another contractor with whom the City has had dealings during Mr. Whiting's administration. Apparently after this note was given by Joseph Martitius to Mr. Whiting he endorsed the same and also secured Thomas Mahan's endorsement and then sold or transferred the note to P.C. Sorenson. I have been unable to secure

a conference with Mr. Sorensen in this connection due to the fact that he is largely engaged in work outside of Grand Rapids at the present time.

The aforesaid loan transactions do not, in and of themselves, establish that Mr. Whiting has been guilty of any wrong doing. However, the fact that Mr. Whiting did borrow money from contractors who held contracts with the City is, at the least, subject to very serious criticism. This is likewise true of the several contractors' acts in loaning money to a city official with whom they had dealt or were obliged to deal with in the future in his official capacity. Whether there is any connection between the acts of Mr. Whiting in securing loans from certain of the contractors and the fact that Mr. Whiting's final estimates on some of their contracts were excessive, I am unable to state.

HAMPSHIRE HIGHLANDS PLAT:

This plat work was done by Mr. C.K. Whiting as engineer, under contract with Walter Nordella of 1046 Giddings, S.E., Grand Rapids, Michigan. The work was commenced the latter part of April, 1928, and not finished until the fall of 1928. The field work was all done by city employes, Ed Carmody, Arend Monje and Ernest Corbeil. The necessary drafting work was done in the drafting office of the Engineer's office by City employes. The services of the City employes during the regular working hours, while working on this plat, were charged up to the City by Mr. Whiting. Mr. Walter Nordella paid Mr. Whiting \$475.00 for the work done. This money was retained by Mr. Whiting.

KEN-O-SHAW PARK PLAT:

This was private plat work done under contract between C.K. Whiting and O.E. Cheesman, 2325 Jefferson Ave., S.E., Grand Rapids, Michigan. The property is located at Allen and Buchanan Streets in the City of Grand Rapids. The plat was surveyed and staked out by George Luther, Chief of the field party, assisted by Dan O'Brien and R. Pierce, all being employes of the City at the time. The necessary drafting work was done by Roy Lawyer under the supervision of Donald W. Hagerman, also employes of the city at the time. The work was done in April and May, 1929, and the field work required three weeks' time of three men and the office work approximately ten days of one man's time. Mr. Whiting caused the time of the city employes working on this plat to be charged to the City, and the same was paid by the City. Mr. Whiting has received from Mr. O.E. Cheesman to date the sum of \$396.00 in payment for this work. This money Mr. Whiting has retained.

PALISADE FARM PLAT:

I am informed this farm survey was made by C.K. Whiting for Joe Martitius and Joseph Noorthoek. The field work was done by Luther, O'Brien and Pierce, all employes of the city, and Mr. Whiting caused their time to be charged to the city. The work was done in June and July of 1929 and took approximately two days' time for the three men in the field party and drafting work for one man of one to two hours. This time was all charged to the city and I am informed Joseph Noorthoek paid Mr. Whiting \$80.00 for the job. The drafting work was done by Roy Lawyer under the supervision of Donald W. Hagerman.

PALISADES PLAT:

This was a private plat made for Joe Martitius, and a large portion of the work involved in this plat was done in 1928 and certain changes were made resulting in additional work being done in the spring of 1930. There was no drafting work done in 1930, although Mr. Whiting asked Donald W. Hagerman to do the drafting work, and Mr. Hagerman advised that he would not do it except on his own time and not on city time. The information which I have indicated that Ernest Corbeil and Arend Monje also worked on this plat in 1928, and that their time was charged by Mr. Whiting to the city. Mr. Whiting was to receive approximately \$400.00 for this job. I am informed this amount has not been paid to him.

EMERALD LAKE GARDENS:

Under date of April 1, 1928, Mr. Whiting made a written contract with Joseph Martitius and Aldrich Bergsma, operating as Commonwealth Realty Company, to survey plat and record plat covering certain described property situated in the Township of Grand Rapids. The plat later was known as Emerald Lake Gardens Plat. Mr. Whiting was to receive for this work the sum of \$800.00. A large part of this work was done in 1928 all by city employees during regular working hours, and the time, by direction of Mr. Whiting, was charged to and paid by the City. The field work done in 1929 involved at least two weeks straight time of three men and the office work done in 1929 occupied at least four days' time for one man. Luther, O'Brien, and Pierce composed the field party, and the office work was done personally by Donald W. Hagerman.

This work was partly paid for by note of Joseph Martitius given to Mr. Whiting, dated December 11, 1929, in the sum of \$800.00, and this note apparently has been discounted or sold to P.C. Sorenson.

I also have been definitely informed of other private work, such as lot surveys, which Mr. Whiting had done by City employees, and for which, I believe, he made charges to the owners of said lots and received the money for his own individual account.

In all of the foregoing instances, it is my opinion that Mr. Whiting has wrongfully used city employees on private work which he was doing, and has caused the city employees' time on such private work to be charged against and paid for by the city, and Mr. Whiting in turn has received or agreed to receive from the private owners for whom the work was done the contract or agreed price of the work. I am further of the opinion that the actions of Mr. Whiting in connection with this plat work constitute a crime, and that a proper complaint should be filed with the prosecuting attorney, and that he be prosecuted for his wrongful actions in this connection.

Respectfully submitted,

HAROLD W. BRYANT, City Attorney"

Swain-Deane. That the report of the City Attorney be accepted and filed and become a part of the minutes of this meeting; and that this Commission go on record directing the Mayor with the advice of the City Attorney to take the necessary steps in this connection, including the filing of complaint with the proper authorities.

515. Communication from City Manager Gork:

"Hon. City Commission
East Grand Rapids, Mich.

Gentlemen:

Upon recommendation of the Finance Committee several suggestions were made regarding the audit. I am submitting to you report of progress made to date of the recommendations.

The deficit in the General Fund was reduced by the following: \$15,000.00 paid on a note due the East Grand Rapids State Bank. \$1,758.75 paid on the old audit account. Due to adjustment from the Water Dept. a credit of \$831.93 was given this fund, making a total of \$17,590.68 reductions.

In the Special Construction Fund adjustments with Contractors reduced the obligations payable from this fund about \$14,000.00. Jobs in process of re-assessment will reduce these obligations by about \$44,000.00.

The deficit in the Water Dept. of \$1,963.24 was reduced by \$1000.00 by the payment of a bond from the General Fund.

Steps have been taken to collect or adjust the old accounts due the City. We believe that the disputed bills have now been adjusted and are out for payment.

An investigation regarding the purchase of a transit shows this transit was purchased from Don Whiting, and according to our records the purchase was regular although the price paid for the transit was a little above market value.

Regarding the petty cash irregularities, we have made a check of the amounts set forth in the audit and we believe the money was expended for City purposes, although some items were without supporting vouchers. It is my opinion that these irregularities occurred due either to carelessness or mistakes made in the former Clerk's office.

We have recovered the amount of \$1,100.24, freight bills, from the J. B. Clow & Sons Company.

As to the suggestion of the auditors to avoid double payment of vouchers. Purchase orders are issued for each purchase and no invoices are paid unless they are covered by purchase order.

In the Engineering Department a contract estimate book has been made in which all estimates to contractors are recorded. This should eliminate all possibility of double payment to contractors doing business with the City.

Yours very truly,

L. HENRY GORK, City Manager"

BY COMMISSIONERS DEANE-WAGNER:

WHEREAS, the proposed amendments to the City Charter hereto adopted by this Commission were approved by the Governor of the State of Michigan as required by law and returned and filed with the Clerk of this City.

NOW, THEREFORE, Be It Resolved, by the Commission of the City of East Grand Rapids that said proposed amendments be submitted to the qualified electors of the City of East Grand Rapids for adoption or rejection at the Special Election called for the purpose of meeting an emergency to be held in this City on the 17th day of November, 1930, and that the ballot for said election shall contain the substance of said proposed amendments and be in the following form, viz:

"Shall sub-section (a) of Section Five of Chapter Five of the Charter of the City of East Grand Rapids be amended as proposed by resolution of the Commission of this City adopted at a special session thereof held Monday, October 13th, 1930, which proposed amendment is in substance as follows:"

"CHAPTER V. Section 5. Sub-section (a). The City Manager shall be chosen solely on the basis of his executive and administrative qualifications. He shall be a citizen of the United States and shall have attained the age of twenty-five years."

"Shall Section Five of Chapter Fifteen of the Charter of the City of East Grand Rapids be amended as proposed by resolution of the Commission of this City adopted at a special session thereof held Monday, October 13th, 1930, which proposed amendment is in substance as follows:"

"CHAPTER XV. Section 5. Water may be furnished to any person or persons residing outside the corporate limits of the City on such terms and conditions as shall be established by ordinance or resolution by the Commission."

"Shall Sub-section (a) of Section Two of Chapter Eleven of the Charter of the City of East Grand Rapids be amended as proposed by resolution of the Commission of this City adopted at a special session thereof held Monday, October 13th, 1930, which proposed amendment is in substance as follows:"

CHAPTER XI. Section 2. Sub-section (a) To pay for public improvements in anticipation of receipts from special assessments and the bonds to be payable in installments corresponding to the installments of the special assessments, and pledging the faith and credit of the City to the payment of such bonds.

"Shall Section Four of Chapter Twelve of the Charter of the City of East Grand Rapids be amended as proposed by resolution of the Commission of this City adopted at a special session thereof held Monday, October 13th, 1930, which proposed amendment is in substance as follows:

CHAPTER XII. Section 4. The Board of Review shall consist of two members of the City Commission to be appointed annually by the City Commission, and the Board of Assessors, and shall have and exercise all the powers and duties at present or which in the future may be possessed by the Board of Review under the General Laws of the State, except as herein otherwise provided. It shall meet for the purpose of reviewing the assessment roll on the second Monday in the month of April, shall choose one of its members to be Chairman and the City Clerk shall be Clerk of the Board. It shall regulate for itself its order of proceeding, but no person who shall appear before it shall be refused a reasonable opportunity for a hearing. It shall remain in session for

not less than three days and shall be in session each day for at least six hours. On completion of its work, its chairman and Clerk shall certify to the same as provided by the General Tax Law. After all hearings have been had, the Board may adjourn for the purpose of completing its work on the roll, and that the same shall be duly certified on or before the first day of May of each year. The roll as prepared by the Board of Assessors shall stand as approved and adopted, as the act of the Board of Review, except as changed as herein provided. Said Board shall have the same power and perform the same duties in all respects as Board of Review of townships in reviewing and correcting assessments made by Supervisors of townships not inconsistent herewith, and except as in this Charter otherwise provided. After the said Board of Review shall have completed the revision of said roll, the Clerk shall endorse and sign a statement upon the roll, to the effect that the same is the general assessment roll of the City for the ensuing ^{fiscal} year as approved by the Board of Review."

Be it further resolved that the City Clerk prepare the necessary ballots in accordance with the form herein set forth, and that he give notice of registration for said election according to law, and that he also give notice of the time and places of holding said election and of the proposed amendments at least ten days before said election by posting said notices in three public places in each election precinct in this City, and by publishing a copy of said notice and of said proposed amendments at least once in the Grand Rapids Chronicle within ten days before said election, and that said notice state the hours of opening and closing the polls, and that said Clerk cause copies of said proposed amendments to be printed.

"Hon. City Commission
East Grand Rapids, Michigan

Gentlemen:

Recently the Sinking Fund Commission made a recommendation that the city invest certain of its sinking funds in certain special improvement bonds of the City and the question arose at that time whether or not such investment would be legal and authorized under the City Charter and the laws of the State applicable to such sinking funds.

It is my opinion, that the City may invest its sinking funds in its special improvement bonds and also in its general obligation bonds. I might also add that I have received the approval of the State Treasury

Department under date of October 30, 1930, to the investment of sinking funds of the City in special improvement, as well as general obligation, bonds of the City.

Yours respectfully,

HAROLD W. BRYANT

"Hon. City Commission
City of East Grand Rapids,
East Grand Rapids, Mich.

Gentlemen:

In Connection with the necessity for reconstruction of a bridge on one of the public streets in the City of East Grand Rapids, the question was submitted to me as to whether or not such reconstruction work could be considered as a local improvement and a special improvement district provided therefor to pay the necessary cost of such improvement.

It is my opinion that the reconstruction of a bridge on one of the public streets in the City of East Grand Rapids would constitute a local improvement, and that property benefited thereby could properly be included in a special assessment district for the purpose of assessment and payment of the cost of such improvement.

Respectfully submitted,

HAROLD W. BRYANT

"School District No. 11
Paris Township, Kent County,
Michigan

Gentlemen:

I have examined the resolution adopted by the Board on November, authorizing the advance to the City of East Grand Rapids of sufficient moneys to defray the cost of installing water and sewer mains in Lake Grove Avenue, with the provision that the City shall assess the cost against the property benefited and repay to the District the moneys so advanced.

In my opinion, the District Board has power to adopt this resolution and to advance this money, it having determined that the installation of such water and sewer mains is necessary for the proper construction of the building and the use of the same for a schoolhouse.

Yours very truly,

FRED W. SEARL

Resolution by Mr.S.F.Albert:

WHEREAS, the district has voted to erect a school building on a site bounded on the East by Lake Grove Avenue in the City of East Grand Rapids; and

WHEREAS for the proper construction of said building and the use of the same for a school house it is necessary that sewer and water mains be installed in said Lake Grove Avenue as soon as possible; and

WHEREAS, it is impossible to secure such installation except in the manner hereinafter provided;

RESOLVED that the Treasurer be, and he hereby is, authorized and directed to advance to the City of East Grand Rapids such sum as shall be necessary to defray the cost of installing water mains in Lake Grove Avenue between Boston Road and Berwyck Road, and sewer mains in Lake Grove Avenue from Albert Street to Berwyck Road, such advance to be made on the following conditions:

1. That said City of East Grand Rapids shall agree to repay the same as hereinafter provided, with interest at the rate of 6% per annum;
2. Said sewer and water mains shall be laid as special improvements and an assessment made against the property benefited, to defray the cost of said improvement;
3. The said City of East Grand Rapids shall within thirty (30) days after such assessment rolls are spread offer for sale Special Improvement Bonds of said City, bearing interest at 5%;
4. If said bonds are sold said City of East Grand Rapids shall repay to the District as soon as the proceeds of said sale are available the amount advanced by the District, together with interest as aforesaid;
5. If no bids are received for said bonds the District shall receive from the City a sufficient number of bonds which at par will equal the amount advanced by the District, together with interest; and to that end the Treasurer is authorized upon said bonds being offered for sale to bid for said bonds at par.

STATE OF MICHIGAN)
COUNTY OF KENT)ss

I, Homer Long, director of School District No. 11, Paris Township, Kent County, Michigan, do hereby certify that the foregoing is a true copy of a resolution duly adopted by the unanimous vote of all members of the District Board at a meeting held November 8, 1930, at which all members of the Board were present.

The whole number of votes given with regard to this proposed amendment was one hundred ninety-six (196) of which number one hundred seven (107) were cast in favor of said amendment, and eighty-nine (89) votes were cast against said amendment.

CHAPTER VII. Section 4. The Board of Review shall consist of two members of the City Commission to be appointed annually by the City Commission, and the Board of Assessors, and shall have and exercise all the powers and duties at present or which in the future may be possessed by the Board of Review under the General Laws of the State, except as herein otherwise provided . . . Said Board shall have the same power and perform the same duties in all respects as Board of Review of townships in reviewing and correcting assessments made by Supervisors of townships not inconsistent herewith, and except as in this Charter otherwise provided.

The whole number of votes given with regard to the above proposed amendment was one hundred ninety-one (191), of which number one hundred three (103) votes were cast in favor of said amendment, and eighty-eight (88) were cast against said amendment.

We, the undersigned, Board of Canvassers of the City of East Grand Rapids, do hereby certify that the foregoing is a true and correct statement of the whole number of votes given and cast for and against the adoption of the proposed amendments to the City Charter above stated, voted upon at the Special City Election held in the City of East Grand Rapids, Michigan, and in the several wards thereof, on Monday, the 17th day of November, 1930.

We do hereby further certify in pursuance of the provisions of the Charter of the City of East Grand Rapids, adopted June 19th, 1927, and the laws of the State of Michigan in such case made and provided, that the votes for the adoption of the two proposed amendments above stated were in the majority, and we do hereby determine and declare that said amendments are passed and do hereby become a part of the City Charter of East Grand Rapids.

IN WITNESS WHEREOF, we have hereunto set our hands and affixed the seal of said City of East Grand Rapids at the City of East Grand Rapids, this 20th day of November, A.D. 1930.

Board of Canvassers of the
City of East Grand Rapids,
Michigan.

CHAPTER IV. Section 5. Water may be furnished to any person or persons residing outside the corporate limits of the City on such terms and conditions as shall be established by ordinance or resolution by the Commission.

The whole number of votes given with regard to the above proposed amendment was one hundred ninety-five (195), of which number seventy-seven (77) votes were cast in favor of said amendment, and one hundred eighteen (118) votes were cast against said amendment.

CHAPTER VI. Section 2. Sub-section (a). To pay for public improvements in anticipation of receipts from special assessments and the bonds to be payable in installments corresponding to the installments of the special assessments, and pledging the faith and credit of the City to the payment of such bonds.

The whole number of votes given with regard to the above proposed amendment was one hundred eighty-seven (187), of which number ninety (90) votes were cast in favor of said amendment, and ninety-seven (97) votes were cast against said amendment.

We, the undersigned, Board of Canvassers of the City of East Grand Rapids, do hereby certify that the foregoing is a true and correct statement of the whole number of votes given and cast for and against the adoption of the two proposed amendments to the City Charter last above mentioned, voted upon at the Special City Election held in the City of East Grand Rapids, Michigan, and in the several wards thereof, on Monday, the 17th day of November, 1930.

We do hereby further certify in pursuance of the provisions of the Charter of the City of East Grand Rapids, adopted June 19th, 1927, and the laws of the State of Michigan in such case made and provided, that the votes for the rejection of two said amendments last above mentioned were in the majority, and we do hereby determine and declare that the two amendments last above mentioned are rejected.

IN WITNESS WHEREOF, we have hereunto set our hands and affixed the seal of said City of East Grand Rapids at the City of East Grand Rapids this 20th day of November, A.D. 1930.

631. Report of Assessor and Manager:

"Re: Communication of Mary Van Blois regarding assessment on Lot 28, John Paul's Second Addition, Harold Avenue Paving.

Hon. City Commission
East Grand Rapids, Mich.

Gentlemen:

It was the plan at the time this street was improved to place the pavement in front of the property owned by Mrs. Van Blois, but for some reason the former City Manager caused the pavement to be constructed only to the center of the street, at the intersection of Harold Ave. and Paul Street, thus leaving the front of her property unpaved.

Since this property will have to be assessed on either Harold Ave. or Paul St. it is the suggestion of your committee, in view of the fact that Mrs. Van Blois has already paid three installments on this pavement, that she complete her payments and then be relieved of any assessments on Paul St. when that street is improved in front of her property.

Respectfully submitted,

CHAS. P. KELM, Assessor
L. HENRY GORK, City Manager"

"Re: Communication of S.F. Albert regarding City assuming cost of lowering water main at intersection of Lake Grove and Boston St.

Hon. City Commission,
East Grand Rapids, Mich.

Gentlemen:

The water main originally was laid with the street grade to conform to the present ground elevations. In view of the fact that the changing of the street grade benefits the lots on this street, it is the opinion of the committee that the extra cost of lowering the main should be borne by the lots so benefited.

652. Report of Attorney Harold W. Bryant:

"Honorable City Commission
East Grand Rapids, Michigan.

Dear Sirs:

An opinion has been requested relative to the rights of owners of land abutting on Reeds Lake and Fisk Lake to use a portion of the bed of the lake for the purpose of filling in the same and making new land for gardens, abutments, or other purposes.

The rule laid down by the Supreme Court of Michigan is that one who owns land bordering a stream, whether navigable or not, owns the bed of the stream to the center of the thread thereof. Such ownership is private; such public rights as exist are simply easements or privileges, and as a general proposition, it is settled that the owner may do what he pleases with the land under the water so long as he does not interfere with the public enjoyment. While apparently no Michigan case has passed upon the question of reclaiming land formerly part of the bed of a navigable lake or stream, it is my opinion that land which is covered by the lakes in question the year round or land covered by either of these lakes except during exceedingly dry spells could not properly be reclaimed by the abutting owner. Such reclamation of land bordering these two lakes should include only such land as is damp and generally not covered by waters of the lakes.

Yours respectfully,
HAROLD W. BRYANT, City Attorney"

Brooks-Wagner. That the report of the City Attorney be received and filed and become a part of the minutes of this meeting.

659. Communication and recommendation of the City Manager:

"Hon. City Commission
East Grand Rapids, Mich.

Gentlemen:

Re: Ottawa Hills Sanitary Sewer Dist. #3

The additional amount which would be required to be
raised to pay the cost of this improvement is \$4111.52. Part
of the additional cost of this improvement was undoubtedly
due to changes required by reason of the sewer hook-up with
the City of Grand Rapids, and on this account I would re-
commend that \$1611.52 be authorized by the Commission for
transfer from the Sewer Hook-up Fund to the Special Con-
struction Fund on this improvement.

I have received a check from the property owners for
the remaining amount of the additional cost, to-wit:
\$2500.00, and I would recommend that this amount be
accepted by the City in full settlement with the property
owners in this district.

By means of this settlement the cost of re-advertising
and making an additional assessment will, of course, be saved
to the property owners, and I feel that the settlement is ad-
vantageous to all parties concerned including the City.

Yours very truly,

L. HENRY GORK

East Grand Rapids, Mich.

Dear Sir:

Re: Rexford Dr. Paving Dist. #1

I am returning herewith your file in connection with proposed re-assessment of this district in order to correct an error in the original assessment.

I recommend that a re-assessment be made on the property included in the present district No. 1, based on benefits derived instead of foot frontage.

While this is not exactly in accordance with Mr. Charles Kelm's (City Assessor) recommendation, I believe it places the matter on a fairer basis, inasmuch as it would seem that Lot 10 should be included in the assessment district for a reasonable charge based on the benefits it receives by yourself and the City Commission.

BY COMMISSIONERS SCHUITEMA-WAGNER:

RESOLVED, That Whereas, the City Commission has heretofore declared, under proper resolutions, the paving of

REXFORD DRIVE, from Reeds Lake Boulevard to Cascade Road

including the necessary curbs, gutters, manholes, etc., a necessary public improvement, and has created a special assessment district known as "Rexford Drive Paving District No. 1" to pay the entire expense of said improvement according to foot frontage of the lands in said special improvement district, and

WHEREAS, such special assessments have failed to be valid in part due to the fact that the resolution creating said special assessment district provided for assessments to be levied pro rata on the premises abutting on the improvement instead of on the basis of benefits derived by the premises included in said district from the said improvement.

NOW, THEREFORE, Be It Resolved, that pursuant to the provisions of the Charter, of the City, and particularly Section 18 of Chapter 13 of said Charter, and the General Laws of the State of Michigan, a re-assessment of such special assessment is necessary to be made upon all of the property included in said special assessment district to pay for the cost of said improvement.

WHEREAS, this Commission has declared the necessity of a re-assessment of special assessments to cover the cost of the improvement known as "Rexford Drive Paving District No. 1" due to the invalidity in part of the original assessment,

NOW, THEREFORE, Be It Resolved that the grading and paving of

REXFORD DRIVE from Reeds Lake Boulevard to Cascade Road

including the necessary curbs, gutters, manholes, catch basins, storm sewers, sewer laterals, water services, concrete sidewalks and approaches, is a necessary public improvement, and that the entire expense of the same shall be paid by special assessment levied pro rata upon the lots and premises benefited thereby, and according to the benefit derived therefrom; and be it further

RESOLVED, that a special assessment district for said improvement is hereby established consisting of all the lots, parts of lots and parcels of land lying within the following described territory, viz:

Lot 10 of Forest Hills Addition, and Lots 9, 10, 41 and 51 to 60, both inclusive, of Hedenpyl Park Addition

and this Commission deems and declares that all the real estate within said proposed district will be benefited by said improvement; and be it further

RESOLVED, that the Director of Public Service prepare an estimate of the cost thereof, together with specifications, plats and diagrams of the work and of the locality to be improved, and a plat of the lots contained in said special assessment district.

Further, it is the opinion of the committee that an opening should be made across the tracks either at Floral or Henry Ave., the expense of which should be included in a special assessment district to cover the cost of an improvement in this district at some future time.

709. Communication from City Comptroller:

"Hon. City Commission
East Grand Rapids, Mich.

Gentlemen:

In the past it has been the custom to pay refunds on special improvement taxes out of the special construction fund bank account and charge jobs in progress. This method of handling such refunds is absolutely wrong. They should be paid from the Special Sinking Fund bank account since all special improvement tax collections are deposited in this account.

I have discovered that \$689.73 on one roll was handled in the above manner. To correct this error we have transferred this amount to the Special Construction Fund.

I would like to have the Commission authorize this transfer.

Respectfully

LOUIS F. BATTJES
Comptroller"

720. Communication from City Treasurer:

"Honorable Mayor & City Commission
East Grand Rapids, Michigan.

Gentlemen:

With reference to the attached communication from City Attorney Harold W. Bryant regarding taxes assessed against the property formally leased by the Michigan Naval Reserve and which taxes the Attorney General's Department has ruled were not assessable, the Kent County Treasurer informs me that if it is the desire of your honorable Body to ask for cancellation of these taxes, and a request asking for such cancellation ~~of these taxes and a request~~ is addressed to him, he will in turn address the proper request to the Attorney General's Department requesting such cancellation.

Very truly yours,

JOSEPH R. PIERCE
City Treas."

Whetzel-Schuitema. That the City Treasurer be directed to file request for the cancellation of these taxes with the Kent County Treasurer.

722. Communication and recommendation of City Manager:

"Hon. City Commission
East Grand Rapids, Mich.

Gentlemen:

Our Water Department finds that in placing the water services from the main into the various lots along Lake Grove between Albert and Berwyck Drive, that this work can be done by the Contractor now laying the water main while he is placing the laterals for the sewer. This will necessitate about 8 ft. of extra digging for the contractor, but it will be a considerable saving to the City to put these services in at this time.

There are nine services to be placed. I recommend that this work be authorized to be done by the contractor, Peter Passink, now doing this work, at the rate of \$100 per foot for the extra digging.

It was necessary to place a 6" sleeve to connect this water main with the main now in Lake Grove. This was not in the contract. I recommend that Mr. Passink be allowed \$4.00 for the work.

Yours very truly,

L. HENRY GORK
City Manager"

Swain-Whetzel. That the recommendations of the City Manager be concurred in.
