LOCATION

East Grand Rapids Department of Public Safety does not guarantee home security. Instead, this program augments sound home owner efforts to maintain a secure residence. We recommend that you have your doors, locks, and alarms evaluated professionally, and that you inform friend and trusted neighbors of you travel plans. The Department of Public Safety does not conduct inspections or residences unless notified of a problem. The purpose of providing us with this information is to inform us of the names, and phone numbers of the person(s) you designate so that we may contact them quickly in the event we learn of some emergency involving your home.
