

## Memo

---

**To:** City of East Grand Rapids

**From:** Jeremy R. Chapman, PE, RSP<sup>1</sup>, PTOE, PHD  
Senior Transportation Engineer

**Date:** February 12, 2025

**Re:** Review of the EGR Blodgett Hospital Post-Construction Traffic Impact Study  
Review Responses

**Project No:** 77510008

Progressive Companies reviewed the review responses (dated November 6, 2024) provided to the review (dated October 25, 2024) of the post-construction Traffic Impact Study (dated July 30, 2024), and has the following comments:

We appreciate the thoroughness and attention to the specific comments previously provided. All clarifications requested were provided to our satisfaction.

We do not have any further need for clarification and believe the Traffic Impact Study is complete and acceptable, and all intersections should generally function at level of service (LOS) "D" during normal operational periods.
